Entry Area	Registration											
Room 1	Material Chemistry and Applications to Environment, Energy, and Biology - II											
Room 2	Organic Chemistry - Design of Functional Macromolecules											
Room 3	Materials and Polymer Chemistry											
Room 4	Frontiers in Organometallic Chemistry - II											
Room 5	Nanotechnology in Biomedicine - I											
Room 6	Organic Chemistry and Chemical Biology: Their Impact on Human Health - I											
Room 7	Sensors & Their Applications in Environmental and Occupational Health - II											
Room 8	Innovations and Initiatives in K-16 Chemical Education-IV											
Room 9	Molecular Modeling of Energy Storage Devices & Biomolecular Complexes -II											
Room 10	PRAXAIR Workshop (1:00-3:00)											
Ball A	Rediscover UC Network Reception (4:00-7:00)											
Ball D	Electroanalytical Chemistry in the Central Region - II											
Ball E	Frontiers in Nucleic Acids - IV											
Ball B	Exhibits											
Ball C	Ice Cream Social (5:00-6:00)
