

Speaker Information

All speakers and poster presenters must register and pay the appropriate registration fee to attend the meeting. Invited speakers should contact their symposium organizer to clarify the terms of their invitation. All presenters should prepare for their presentation by verifying the following details: the status of your abstract at abstracts.acs.org (using your ACS ID to log in to the system); mode of presentation (oral or poster); and the time, length, and location of your presentation. If you need to withdraw your presentation, send a withdrawal notice to pacs@acs.org and contact your symposium organizer immediately.

Oral Sessions

Speakers should arrive in their presentation rooms at least 15 minutes before their scheduled session. Each room will be equipped with the following: Laptop, LCD projector, screen, podium, laser pointer, and timer. Speakers are encouraged to provide their own laptops and necessary connection adapters and to arrange for any specialty equipment directly with their symposium organizer. Speakers are asked to bring their presentation on a jump drive as well.

Poster Presentations:

Posters should be at least 36"x48" and not larger than 48"x72". The poster must have a heading giving the title of the poster, the author(s), and their affiliation(s). Posters will be mounted to boards in Ballroom B-C. There will be two posters mounted to each side of a standing poster board. Presenters should mount their poster 30 minutes before the scheduled session start time. Poster numbers are supplied by ACS and will be in the upper corner of each poster. The poster number corresponds with the number assigned to each poster in the technical program. Pushpins will be available at the poster session. Presenters must remain with their posters for the duration of their scheduled session as indicated in the technical program. All posters must remain up until the session ends and then must be removed immediately following the poster session.
