

Making our planet more productive

Visit Praxair at the Exhibit area and attend the workshop

ACS CERM 2016 – Workshop

Helium: Production, Availability, and Utilization

Helium – in both gas and liquid forms – is an essential product in many laboratories. Attend this workshop to learn about:

- Helium production and distribution
- 2016 global concerns and availability
- Efficient helium utilization in the lab

Thursday, May 19
1 to 2 pm
Room 10

To register for this free workshop, please contact:
Roza Vilner, 513-400-7498,
